

MODEL RESOLUTION

This branch accepts that the scientific evidence implicating human activity as the major factor contributing to global warming is overwhelming. The changing climate will make the planet's weather far more unpredictable and extreme. This will mean more flooding, droughts, famine and hurricanes across the globe.

In the words of Rajendra Pachauri, Chairperson of the United Nations Intergovernmental Panel on Climate Change, "It's the poorest of the poor in the world, and this includes poor people even in prosperous societies, who are going to be the worst hit".

Climate Change is an issue which will become increasingly important for

working people and trade unionists in Britain.

This branch therefore resolves to:

1) Sponsor the Campaign Against Climate Change Trade Union Conference (CCCTU) in London on Saturday 9th February 2008, with a donation of £ _____

2) Send a delegate to the CCCTU conference (delegate fee £10).

3) Send our banner to the event.

Please send cheques, payable to "Campaign Against Climate Change" to:-

CCCTU Conference, c/o The Secretary, Manchester Trades Union Council, Mechanics Institute, Princess Street, Manchester, M1 6DD
